

Bay East Association of Realtors *Bay East Association of Realtors Board Room* *Pleasanton, CA*

On February 25, 2014, Porus Engineer of National Budget Planners presented at the Bay East Association of Realtors Event. During the event Porus shared knowledge about credit management and credit scores, focusing on buyers who have experienced a short sale or foreclosure, and are looking to own a home again.

Once again, the event received an overwhelming turnout, and provided a great learning and networking opportunity for Real Estate professionals and all other participants.
