

Livermore Housing Authority *Livermore, California*

In early 2014 NBP was pleased that our Director of Operations, Porus Engineer, a Livermore resident, was honored join the Board of Commissioners of the City of Livermore's Housing Authority, which oversees all affordable housing, public housing and Section 8 low-income housing in Livermore.

Mr. Engineer has a long association with the Housing Authority's joint ventures with NBP, and even has taught several of NBP's past budgeting and credit counseling classes directed towards Livermore Housing Authority residents.
