

## Establishing Good Credit

*Ashland Village Apartments  
San Leandro, CA*

On June 7th, TVHOC and NBP welcomed the opportunity to educate a group of residents at Eden's Ashland Village Apts. in San Leandro on establishing good credit.

This was an interactive event where TVHOC and NBP educated the residents on the value of understanding credit and how to improve your credit score. There were even several people in high school, trying to get a head start on their personal finances!
